

The Future of Work Boardroom

**INDIA
GLOBAL
FORUM**
LONDON

MISSION

To explore key technologies and innovations that will holistically support workforces and enhance productivity.

CONTEXT

Work culture has been evolving steadily over the years, with traditional office structures being altered permanently by trends such as Working From Home (WFH) and remote working.

As technology continues to develop, the future of work also continues to evolve to bring in greater inclusivity, diversity, flexibility, and innovation. This and consecutive Boardrooms will bring together experts, corporate leaders, senior government representatives and investors to identify and focus on key technological trends and policy recommendations that will shape the future of work.
