Narendra Modi

Prime Minister of India

"I appreciate India Global Forum for organising this important event. The present event is a part of the excellent work that India Global Forum has done over the past years. Your events have helped bring the opportunities in India to a global audience. You have helped making the links between India and UK stronger. I am happy this year's event has expanded its reach to other parts as well."

HE Dr Anwar Mohammed Gargash

Minister of State for Foreign Affairs and President of the Committee for Goods and Materials
Subject to Import and Export Control, UAE

"This gives me an opportunity to come and reflect on what has been really a wonderful trajectory of the bilateral relationship since 2015 between India and UAE. What we have achieved in the last 7 years has been remarkable. I think Prime Minister Modi's leadership and Sheikh Mohamed Zayed's leadership in this has been a major catalyst in here."

Dr S Jaishankar

Minister of External Affairs, Government of India

"The picture I see today of India and the UAE is two nations who have known each other a long time but have re-discovered the relationship in the last decade. We are using the relationship today to not just survive the changing world but to shape it."

HE Omar Al Olama

Minister of State for Artificial Intelligence, Digital Economy and Remote Work Applications,
Director General of the Prime Minister's Office, UAE Government

"Together both India Global Forum and the World Governments Summit will help make governments around the world more informed, ready, and innovative."

HE Reem Al Hashimy

Minister of State for International Cooperation, UAE

"There is a synergy between how we view the world and also what we hope for the world and for ourselves. And I'm confident that as we continue to grow this relationship, we are going to unfold and unlock so much more than what we already have."
